

Mobile access and working tower

Issued to/manufacturer

Instant Latvija SIA

"Jauntrenci" Eimuri, LV-2164 Adazu nov., Lettland

Manufacturing site

same as above

Distributor

Zip-Up Svenska AB, Ellipsvägen 15, 141 75 Kungens Kurva, Sverige

Product names

SPAN 300, SPAN 300 ClickUp, SPAN 400, SPAN 400 ClickUp and SPAN 300 ClickUp Light

Product description

As per pages 2–5 of this type-examination certificate. Technical documentation as provided to RISE, no. P121227.

Type-examination certificate

RISE certifies that the product specified on this type-examination certificate complies with the requirements of the Swedish Work Environment Authority's Statute Book according to the provisions of AFS 2013:4 Scaffolding section 10, RISE certification rules SPCR 064 dated 2023-07-06, SS-EN 1004:2005, SS-EN 1004-1:2020 and SS-EN 1004-2:2021.

Evaluated system configurations

Load class 3 (2.0 kN/m²), under the conditions contained in the product description.

Marking

All main components like frames, diagonals, guardrails, supporting legs, platforms and ladders must be indelibly marked with the manufacturer (ILV), item no. (XXXX) and the date of manufacture (DD-MM-YYYY) as described in the manuals.

The bottom frame must be marked at eye level with the number of the type-examination certificate, the RISE type-examination label (see below for example), the designation and text specified in SS-EN 1004 or symbol according to SS ISO 7010 and the manufacturer, supplier or holder of the certificate.

Period of validity

The type-examination certificate is valid until no later than 2034-07-05. The validity of this type-examination certificate can be verified at RISE homepage.

Miscellaneous

RISE conducts annual inspections of type-examined scaffolding components as per Section 5 of SPCR 064. The type-examination certificate was originally issued on 2024-07-05.
